

## ***Integration Point Named Top 100 Logistics IT Provider from Inbound Logistics for Tenth Consecutive Year***

Charlotte, NC, USA – April 25, 2018 – Integration Point, a leading provider of Global Trade Management (GTM) solutions, is excited to be recognized for a tenth year as a Top 100 Logistics IT Provider by *Inbound Logistics*. This year's winners, selected from over 300 companies, were chosen due to their ability to support and enable logistics excellence. According to *Inbound Logistics*, all companies selected reflect leadership by answering readers' needs for scalability, simplicity, fast ROI, and ease of implementation.

"Integration Point continues to provide the technology solutions *Inbound Logistics* readers need to achieve the visibility and control that drives successful supply chains," said *Inbound Logistics* Editor Felecia Stratton. "As shippers, carriers, and 3PLs increase their use of logistics IT, Integration Point stays flexible and responsive, anticipating customers' evolving needs. *Inbound Logistics* is proud to honor Integration Point for innovative solutions empowering logistics and supply chain excellence in 2018."

"Helping our clients keep their supply chains moving while also maintaining compliance has always been challenging," said Virginia Thompson, Vice President of Product Management at Integration Point. "But the ever increasing speed of changes that all parties involved in global trade are dealing with as of late has really put the spotlight on supply chain organizations to succeed. Regulatory changes (such as new duties or filing system requirements), market changes (such as the increase in ecommerce shipments), and new technologies to explore (such as blockchain) are transforming the logistics and compliance world faster than ever before. We are very honored to be selected as a Top 100 IT Provider by *Inbound Logistics* as we continue to help our clients succeed in these changing times."

### **About Integration Point**

Integration Point offers the most comprehensive suite of global trade management (GTM) products encompassing all industries, geographies, and trade programs. By delivering visibility and localized knowledge for 206 countries and territories on a single web-based platform, Integration Point enables companies to achieve global

compliance while maximizing supply chain savings. Integration Point provides solutions for import/export management, product classification, free trade agreement qualification, export screening, drawback, foreign-trade zones, supply chain security, and post-entry validation. With 600+ team members across every major continent, Integration Point ensures clients combine local best practices with global standards when deploying a global trade management platform.
